

Product Specification Report

1.0/46260001/0117

Highly effective penetrating lubricating liquid, with PTFE to enhance lubrication and reduce friction.

ZEP 45 LIQUID EU

Liquid lubricant with PTFE

FEATURES:

Excellent lubrication	The advanced formulation with PTFE ensures superior lubrication.
Long lasting	Dramatically reduces friction and wear and provides a continuous wear resistant film that lubricates and protects all moving parts
Penetrates rapidly	Loosens parts that are frozen due to wear, corrosive action or heavy buildup of grease or grime.
Defends against corrosion	Prolongs the useful working life of all machinery and reduces downtime and maintenance cost.
Silicone free	Does not contain silicone.
No chlorinated solvents	Does not contain chlorinated solvents, that are potentially harmful for workers' health.

APPLICATIONS:

Excellent for lubricating and protecting all appliances. use on: industrial machines, typewriters, business machines, motor shafts, guns, sports equipment, shop tools, saws and drills, electric motors, vending machines, locks, hinges, office equipment, rollers, bearings, conveyors, pulleys, nuts, bolts, fittings, all rusted, corroded and frozen parts. Use before assembling equipment to speed up work and prevent future corrosion.

SPECIFICATIONS:

Form Liquid
Colour Amber
Odour..... Characteristic
Density (20°C) 0,839 g/cm³
Solubility in water Not soluble
Temperature range -45°C - +245°C

INSTRUCTIONS FOR USE:

Product can be applied with a sprayer, a brush or by immersion. On heavy corrosion brush away the rust and apply the product for long lasting protection.

PRECAUTIONS FOR USE:

For more information, consult the MSDS.

All information in this document is based on our practical experience and/or laboratory tests. Due to the multiplicity of conditions for usage and variable human factors, we recommend that you always test our products for suitability prior to use. At any time, this version of the product specification report may have been revised based on legislation, availability of the individual ingredients or newly acquired information. The current approved version is available upon request.
